User Interface

The image displays two mobile application screens for 'ViewBoard', which is described as 'Manages your Issues'. The left screen is the 'Login' interface, featuring a dark blue header with the ViewBoard logo. Below the header, the word 'Login' is centered. There are two input fields: 'Email' with the placeholder text 'Julian-jurcevic-2000@web.de' and 'Password' with masked characters '.....'. A 'Forgot?' link is positioned to the right of the password field. Below these fields is a 'Log in' button. At the bottom of the login screen is a blue button with the Google logo and the text 'Mit Google anmelden'. A link 'Don't have account? Create now' is located at the very bottom. The right screen is the 'Registration' interface, also with the ViewBoard logo at the top. The word 'Registration' is centered. It features three input fields: 'Name', 'Email', and 'Password'. Below these fields is a 'Register now' button. At the bottom of the registration screen is a link 'Already have an account? Log in'.
